

Great Brook Farm State Park

Sunday Barn Tours

11:30, 1:00, 3:00

(through October 22nd)

Each Sunday afternoon you are invited to join the park interpreter at the gate outside the ice-cream stand for a visit into the barn yard and dairy barn. Come learn how much a cow eats and drinks in a single day, what it takes to become a 'cow', how much milk these girls make daily, see where up to 2000 gallons of milk is stored and to where this milk goes when leaving here as well as numerous other fun facts about a Holstein. Take the opportunity to pet a calf or fully grown girl and join the list of those 'slimed at Great Brook Farm'. Experience an interactive, *real* dairy farm...just miles from the city limits.*
